## **Retail Liquor Outlet Responsibilities**

If the retail liquor outlet is the purchaser of the selected barrel and its bottled yield, they may sell the bottled yield at their licensed premises only.

If the retail liquor outlet was chosen by a private club, group or individual as the participating retail liquor outlet to facilitate the further sale of the bottled yield they must follow all stated WVABCA requirements for resale of the bottled Private Barrel Yield, including:

- No one individual may purchase more than 30 bottles of the Private Barrel Yield per visit. Retail liquor outlets must not structure transactions to circumvent the requirements.
- Under state law, purchasers may not transport more than 10 gallons at one time, for personal use and not for resale.
